

Create a Vendor

This QRG is for Department users who need to set up a non-ProcureAZ Vendor in AFIS.

AFIS maintains a single Vendor/Customer (VCUST) table for both Vendors (i.e., entities getting paid by the State for goods or services) and Customers (e.g., entities paying the State for their share of work done by the State). A single entity can be Active as a Vendor, a Customer, or both.

Use the Vendor Customer Creation Department (VCCD1) document to create an entity as a Vendor, Customer, or both. VCCD1 documents route through workflow for approval by the Department and GAO before becoming Final. Finalized VCC-type documents cannot be modified or cancelled; changes can be made with a Vendor/Customer Modification (VCMD1) document.

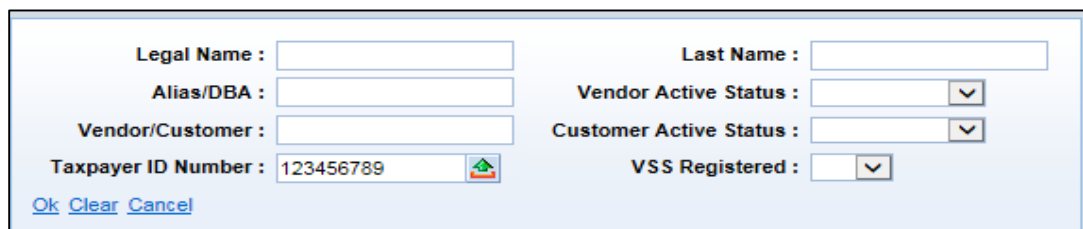

ProcureAZ Vendors are added and modified from within ProcureAZ; these Vendor profiles (with Vendor/Customer Codes that start with PZ) cannot be modified directly in AFIS.

Before adding a Vendor to AFIS, search VCUST (by Name or Taxpayer ID) for a matching record.

- If the Vendor is Active on VCUST, and the appropriate Address is present, note the Vendor/Customer Number and Address ID.
- If there is a matching entity, but it is not Active as a Vendor or does not have the necessary Address, follow the separate procedure in the *Modify a Vendor in AFIS QRG*.
- If the entity is not on VCUST, follow the procedure below to create a new Vendor record.

Procedure - Locate an Existing Vendor

- A. Log into AFIS.
- B. Navigate to Vendor/Customer (VCUST), where all Vendors and Customers are stored.
 1. In the **Jump to** field, enter **VCUST**.
 2. Click **Go**. The **VCUST** table opens.
 3. Click on the underlined Search option and a "Search" popup window will display.
- C. Search for a matching Vendor record.
 1. In the Search window, enter **Taxpayer ID Number (TIN)**, **Vendor/Customer**, **Legal Name**, or other search values. If you know the TIN, use it for the best match. Otherwise, use the "wildcard" (*) to search with a partial string of the Vendor's name.

The screenshot shows a search window with the following fields and controls:

- Legal Name :** [Text Input Field]
- Alias/DBA :** [Text Input Field]
- Vendor/Customer :** [Text Input Field]
- Taxpayer ID Number :** [Text Input Field] containing "123456789" and a small icon.
- Last Name :** [Text Input Field]
- Vendor Active Status :** [Dropdown Menu]
- Customer Active Status :** [Dropdown Menu]
- VSS Registered :** [Dropdown Menu]
- Buttons: [Ok](#), [Clear](#), [Cancel](#)

2. Click **Ok**. The Vendor/Customer table displays any records matching the search criteria.

Create a Vendor

D. If there is a matching result, Identify whether the Vendor is Active and has the correct Address.

1. In the Vendor/Customer component, review the General Information area.
 - If Vendor Active Status is **Active** and Vendor Approval Status is **Complete**, then this vendor is available for use.
 - If Vendor Active Status is **Inactive** or Vendor Approval Status is **Incomplete**, you will need to activate the Vendor with a VCMD1. (See *Modify a Vendor in AFIS QRG.*)
2. At the Address component, check the addresses that exist for this vendor.

Vendor/Customer						
Address						
Address Information						
Prenote/EFT						
Remittance Advice						
Contact Information						
Address Type	Street 1	City	State/Province	Zip/Postal Code	Principal Contact	
✓ Payment	345 6th Ave	Phoenix	AZ	85007	Barry Farm	
Ordering	345 6th Ave	Phoenix	AZ	85007	Barry Farm	
First Prev Next Last						

3. At the Authorized Dept component, check that the vendor is NOT restricted to a certain department. Any restrictions are listed here.

Authorized Dept.		
Department	Authorized By	Authorized on
First Prev Next Last		
Save Undo Delete Insert Copy Paste		
Vendor/Customer :	Authorized By :	
Department :	Authorized on :	

E. If no results match (that is, your Vendor is not on VCUST), continue below to create a VCCD1.

Procedure - Create a Vendor

F. Create a **VCCD1** document from VCUST.

1. At the bottom of VCUST, click **Create New Record**.
2. In the Create Document window, select the **VCCD1** Document on the grid.
3. In the Document Department Code field, enter **your department code**.
4. Check the **Auto Numbering** box.
5. Click **Create Document** to open the VCCD1.

Top
CREATE DOCUMENT> **Create New Record** Modify Existing Record

G. Complete the Header component.

1. Enter a Document Description. (If it disappears later, re-enter it and immediately **Validate**.)

General Information	Extended Description	Document Information
Document Name:		
Record Date:		
Document Description:	Setup Customer	

H. Complete the Vendor/Customer component. (Use the Document Navigator on the left side of the screen to move through components of the Document.)

1. In the Document Navigator, click **Vendor/Customer**.

Create a Vendor

2. Check the **Auto Generate** box.
3. Enter Company Name and Organization Type.
 - For a Company: Enter **Company Name** and **Alias/DBA** (if applicable); select Organization Type **Company**.

The screenshot shows the 'Organization' tab of the AFIS system. The 'Organization Type' dropdown is set to 'Company'. The 'Auto Generate' checkbox is checked. The 'Legal Name' field is empty. The 'Alias/DBA' field contains 'Jenny's Toybox'. The 'Location Name' field is empty. The 'Department' field is empty with a green up arrow icon. The 'First Name', 'Middle Name', and 'Last Name' fields are empty. The 'Company Name' field contains 'Jenny Long LLC'. The 'Active From' field is empty with a calendar icon.

- For an Individual: Enter **First Name**, **Middle Name** (optional), **Last Name**, and select Organization Type of **Individual**. Enter **Alias/DBA** if applicable.

The screenshot shows the 'Organization' tab of the AFIS system. The 'Organization Type' dropdown is set to 'Individual'. The 'Auto Generate' checkbox is checked. The 'Legal Name' field is empty. The 'Alias/DBA' field contains 'Brian's Bread Store'. The 'Location Name' field is empty. The 'Department' field is empty with a green up arrow icon. The 'First Name' field contains 'Brian'. The 'Middle Name' field contains 'J'. The 'Last Name' field contains 'Bowman'. The 'Company Name' field is empty. The 'Active From' field is empty with a calendar icon.

4. Click **Validate**. AFIS generates the **Vendor/Customer Code** and **Legal Name**.
5. At the Account Indicators tab, check **W-9 Received** and enter the **W-9 Received Date**.

The screenshot shows the 'Account Indicators' tab of the AFIS system. The 'Restrict Use by Department' checkbox is unchecked. The 'Miscellaneous Account' checkbox is unchecked. The 'Internal Account' checkbox is unchecked. The 'Inventory Customer' checkbox is unchecked. The 'PunchOut Enabled' checkbox is unchecked. The 'Third Party Only' checkbox is unchecked. The 'Third Party Vendor' checkbox is unchecked. The 'Third Party Customer' checkbox is unchecked. The 'W-9 Received' checkbox is checked. The 'W-9 Received Date' field contains '10/7/2015' with a calendar icon.

6. Attach the W-9 and other supporting information to the Header (now or before you Submit). (See *Getting Started with AFIS Training Guide* for help with attaching documents.)
7. On the Organization tab, enter **1099 Classification**: if Organization Type = Individual, set to **Ind/Sole PR as P/LLC (6I)**.
8. Enter **Taxpayer ID Number**; select **Taxpayer ID Number Type**: **EIN** if Org Type = Company, or **SSN/ITIN/ATIN** for Org Type = Individual). Leave other fields blank; contact your GAO liaison if you have questions about their use.

Create a Vendor

9. Click **Validate**.

The screenshot shows the 'Organization' tab selected. The form contains the following fields:

- 1099 Classification: [Dropdown menu]
- 1042-S Recipient Code: [Text field]
- Number of Employees: [Text field]
- Taxpayer ID Number: [Text field]
- Taxpayer ID Number Type: [Dropdown menu]
- Detailed TIN Type: [Dropdown menu]

I. Complete the Address component with a Payment Address.

1. In the Document Navigator, click **Address**.
2. At the General Information tab, click **Insert New Line**.
3. Set Address Type to **Payment**.
4. Set Default Currency to **USD - US Dollar**.
5. At the Address Information tab, check **Auto Generate**.
6. Enter **Street 1**, **Street 2** (optional), **City**, **State/Province**, **Zip/Postal Code**, and **Phone** (optional but preferred). (Add Country if other than USA.) Leave other fields blank; contact your GAO liaison if you have questions about their use.

The screenshot shows the 'Address Information' tab selected. The form contains the following fields:

- Address ID: [Text field]
- Auto Generate: ☒
- Street 1: 123 Lucky Street
- Street 2: [Text field]
- City: Phoenix
- State/Province: AZ
- Zip/Postal Code: 85007
- DUNS: [Text field]
- Extended DUNS: [Text field]
- CAGE Code: [Text field]
- Country Phone Code: 1
- Phone: 602-552-5555
- Phone Extension: [Text field]
- County: [Text field]
- County Name: [Text field]
- Country: USA

7. At the Contact Information tab, enter whatever information you have. Check the **Auto Generate** box to generate the **Principal Contact ID**. At the Contact Address Information tab, enter whatever information you have.

The screenshot shows the 'Contact Information' tab selected. The form contains the following fields:

- Principal Contact ID: [Text field]
- Auto Generate: ☒
- Principal Contact: Jenny Long
- Title/Role: President
- Permissions: [Text field]
- Authorized Representative: ☐
- English Spoken: ☒
- Correspondence Type: [Dropdown menu]
- Email: [Text field]
- Phone: 602-552-5555
- Phone Extension: 123
- Alternate Phone: [Text field]
- Alternate Phone Extension: [Text field]
- Fax: [Text field]
- Fax Extension: [Text field]
- Alternate Fax: [Text field]
- Alternate Fax Extension: [Text field]

Create a Vendor

8. At the Contact Address Information tab, the Contact will inherit the Address from the Address Information tab if you do not enter a separate Address.

ation	Address Information	Remittance Advice	Contact Information	Contact Address Information	Geographic Designation
Street 1: 123 Lucky Street		Zip/Postal Code: 85007			
Street 2:		County:			
City: Phoenix		County Name:			
State/Province: AZ		Country: USA			

9. Click **Validate** to generate the **Address ID** and **Principal Contact ID**. (To avoid creating duplicate Address IDs, do this *before* you copy the line for the Ordering Address.)
- J. Create an Ordering Address, using **Copy Line** if it is the same as the Payment address. (Vendors require Payment and Ordering Addresses for Accounts Payable transactions. Customers require a Billing Address for Accounts Receivable transactions.)
1. Click the **Copy Line** icon for the Payment Address line.
 2. Click **Insert Copied Line** at the bottom of the screen to create a new line with the information from Payment Address.
 3. Change the Address Type to **Ordering**.
 4. Click **Save**. Address lines display in the grid for the Payment and Ordering addresses. Check that the Address ID is the same for both lines—if you did not Validate before copying the first Address, both lines will create separate Address IDs. Avoid adding multiple Address IDs for the same address!

Address ID	Address Type	Street 1	City	State/Province	Zip/Postal Code	Additional Address Info.		
A0003	Payment	1234 W McDowell Rd	Phoenix	AZ	85007			
A0003	Ordering	1234 W McDowell Rd	Phoenix	AZ	85007			

From 1 to 2 Total: 2

First Previous Next Last

Go to line: Go

- K. If the Vendor is also a Customer, repeat Step J (to copy an address) or Step I (to create a new address); set Address Type to **Billing**.
- L. Complete the 1099 Reporting Information component.
 1. In the Document Navigator, click **1099 Reporting Information**.
 2. On the Taxpayer Information tab, some fields are auto-populated: Vendor/Customer, Taxpayer ID Number, Taxpayer ID Number Type, Name, Last Name, Name Control, and 1099 Reportable.
 3. Enter **Address, City, State, and ZIP Code**. Include Apartment or Suite as needed; GAO uses this address to send 1099 information. (While there are two Address lines for Payment and Ordering purposes, the IRS only uses one Address line for 1099 reporting. Be sure it is a complete address for mailing 1099 forms.)
- M. Complete the Certification component to activate the Vendor for use on documents.
 1. In Document Navigator, click **Certification**.
 2. Click **Insert New Line**.
 3. Change Vendor Active Status to **Active**.

Create a Vendor

4. Change Vendor Approval Status to **Complete**.
- N. Attach the W-9 and any other pertinent documentation to the Header component. (See *Getting Started with AFIS Training Guide* for help attaching documents.) Check for other missing items; common rejection reasons are listed below under Approval Flow, Common Reasons for Rejection.
- O. **Validate** the VCCD1 document.
 1. Click on the **Validate** button. Confirm that the document validated successfully.
 2. If it did not validate successfully: correct errors and re-validated, or ask your Level 1 support for assistance.
- P. **Submit** the VCCD1 document.
 1. Click on the **Submit** button.
 2. Confirm that it submitted successfully.

Approval Flow, Common Reasons for Rejection

- Q. Submitted VCCD1 documents route through two workflow approvers.
1. Department is the first approver.
 2. GAO is the final approver.

Before GAO can approve the VCCD1, the Taxpayer ID is checked with the IRS for a name match. If it does not match, GAO will reject the VCCD1 with an explanation.

Some of the common reasons that GAO has rejected a VCCD1 back to the Submitter are listed to the right.

Account Indicator Errors

- W-9 Received, W-9 Received Date empty
- W-9 not attached/no hard copy

Certification Status Errors

- Vendor/Customer Active Status not set
- Order/Payment Address mismatch to Vendor
- Billing Address mismatch to Customer

Organization Tab Errors

- 1099 classification is not selected

Create a Vendor

Helpful Hints

Help Keep the Vendor File Clean and Accurate

If you see errors in the vendor file, such as spelling errors or information in the wrong fields, please notify the AFIS Vendor Group by emailing Vendors@azdoa.gov, and include screen prints of the errors so that GAO can research and correct the issue.

Creating a Vendor from a Customer Record

If a Vendor/Customer is setup as a Customer initially and later needs to be activated as a Vendor, then a W-9 is required for the VCCD1 to activate the Customer as a Vendor in AFIS.

W-9 Requirement

Attach a W-9 to each VCCD1 document that establishes an active Vendor and each VCMD1 that modifies Vendor information.

Always check the W-9 Received box, and enter the W-9 Received Date:

- On the Account Indicators tab of the Vendor/Customer section of the VCCD1
- On the General Information tab in the Vendor/Customer section of the VCMD1 document.

Search First; Avoid Creating Duplicate Vendor/Customers and Addresses

Use the Search option first to see if a Vendor/Customer already exists to avoid duplicating Customers in AFIS. The clean-up effort required is substantial, and the errors that are caused by duplicate entries are not simple to fix.

Browse through existing Payment addresses to avoid duplicating addresses. Many State agencies may use the same vendor, and having duplicate addresses causes having to scroll through all of the addresses when using the vendor to make a payment.

Final VC Documents do not Modify (Edit) or Cancel (Discard)*

A VCCD1 or VCMD1 document that has been submitted and approved cannot be modified or cancelled. Changes require a separate VCMD1 document to modify the Vendor/Customer.

Vendor/Customers are not cancelled but they can be inactivated with the VCMD1 document.
